About Us

Qwidex is a high-tech company that provides a large selection of investment products and financial services that allow customers from all over the world to earn stable profits using cryptocurrency.

We offer cryptocurrency investment products and services that provide safe and highly effective income to clients around the world. We know how to make money and make dreams come true.

How it works?

To ensure profit, we operate in several sectors at once, combining all the advantages of the crypto space together. Technological progress and Qwidex's team of professionals allow people to use the world of crypto with ease.

Qwidex is a legal company legally registered in Australia, an economic metropolis. The company's headquarters is located in Sydney. Our doors are always open to you.

Qwidex Team

To achieve global success and maintain a leading position, each working sector of the company must be carefully controlled. This way, the ecosystem mechanism works accurately and without failures.

The Qwidex company, led by Chase Coleman, has formed a team consisting of professionals in different areas and directions. The company is based on a huge base of practical experience and knowledge, which has created a strong foundation for global development.

Company formation history

1/2

2024 marked the launch point for Qwidex under the leadership of Chase Coleman. Our experience, knowledge, and technology enabled us to create a global business model that unites all the advantages of the crypto space in one place. We are proud to make cryptocurrency tools accessible to everyone.

2019

2020

2021

Early Stages

The initial stages of becoming a global company began in 2019 when the opportunities in the crypto market started to increase rapidly. It was during this period that Chase Coleman conceived the idea of creating a company—a leader in the crypto market for investing and providing financial services.

Realizing the Vision

Bringing the idea to reality took a considerable amount of time, as the following years were not the most favorable for starting a business, considering the economic stability in the market. From 2019–2020, Chase Coleman meticulously analyzed the market to identify the most stable sources of returns and combinations that allow generating stable profitability even under the most challenging market conditions.

Foundation

The foundation of Qwidex is built on the principles of scientific-strategic analysis, economic stability, financial efficiency, and most importantly, respect for the client.

2022

2023

2024

Knowledge base

Main Model

In 2022, when the main business model of Qwidex was created, the process of forming the company's core began, consisting of international specialists from various fields of the crypto space and the financial world. The company's ambitions, as well as the work environment and development opportunities, enabled the creation of the best team of professionals, filled with experience, high performance, and a clear vision.

Testing

Nearly all of 2023 was devoted to thorough testing and practical refinements of the company's business model, leading to a powerful performance and allowing for a significant expansion of Qwidex's staff. In addition, we organized a technology department and funded unique advanced developments in the fields of Robotics, AI, and Machine Learning.

Final Stages

The year 2024 was dedicated to the final stages of the inception of Qwidex—a new phase in the world of crypto finance and investments. We are registered in Sydney, the capital of Australia, located in the southeastern part, on the bay. The foundation for ensuring reliability is the company's statutory capital, which was formed during the thorough testing of the company.

Activities at Qwidex

Qwidex has successfully assembled a team of professionals and unified everything necessary to set a new standard in the world of investments and financial services.

We offer our clients products and services backed by nine sources of income and top-tier technological developments. Achieve your goals and realize your dreams. Qwidex is destined to be the first

Day Trading:

The rhythm of the financial markets with Day Trading, a trading strategy that yields profitability in the short term through rapid response to changes and instant decision-making. Here, every second is key to profit.

Swing Trading:

A flexible strategy that yields benefits under both short-term and medium-term conditions. A unique combination of patience and timely decisions for stable profit.

Medium-Term Trading:

A strategy that provides a stable income based on precise analytics. A combination of fundamental and technical analysis ensures confident steps in the crypto space. Each deal made by Qwidex is a clearly foreseen move towards stable growth.

Long-Term Trading:

An investment perspective, a reliable strategy for those who value stability and understand the benefits of long-term growth perspectives. Here, every investment shapes the success of your financial future.

Futures Trading:

Soaring on financial horizons, futures trading is an effective risk mitigation tool that allows working with asset prices without acquiring them.

DeFi Staking

DeFi Staking offers the opportunity for higher returns in specific currencies, but entering existing DeFi projects is often associated with high barriers.

Qwidex actively participates in various DeFi products on behalf of the private company, receiving and distributing the profits between the company and its clients. You do not need to manage private keys, purchase resources, conduct complex transactions, or perform other labor-intensive manipulations to successfully earn in this sector.

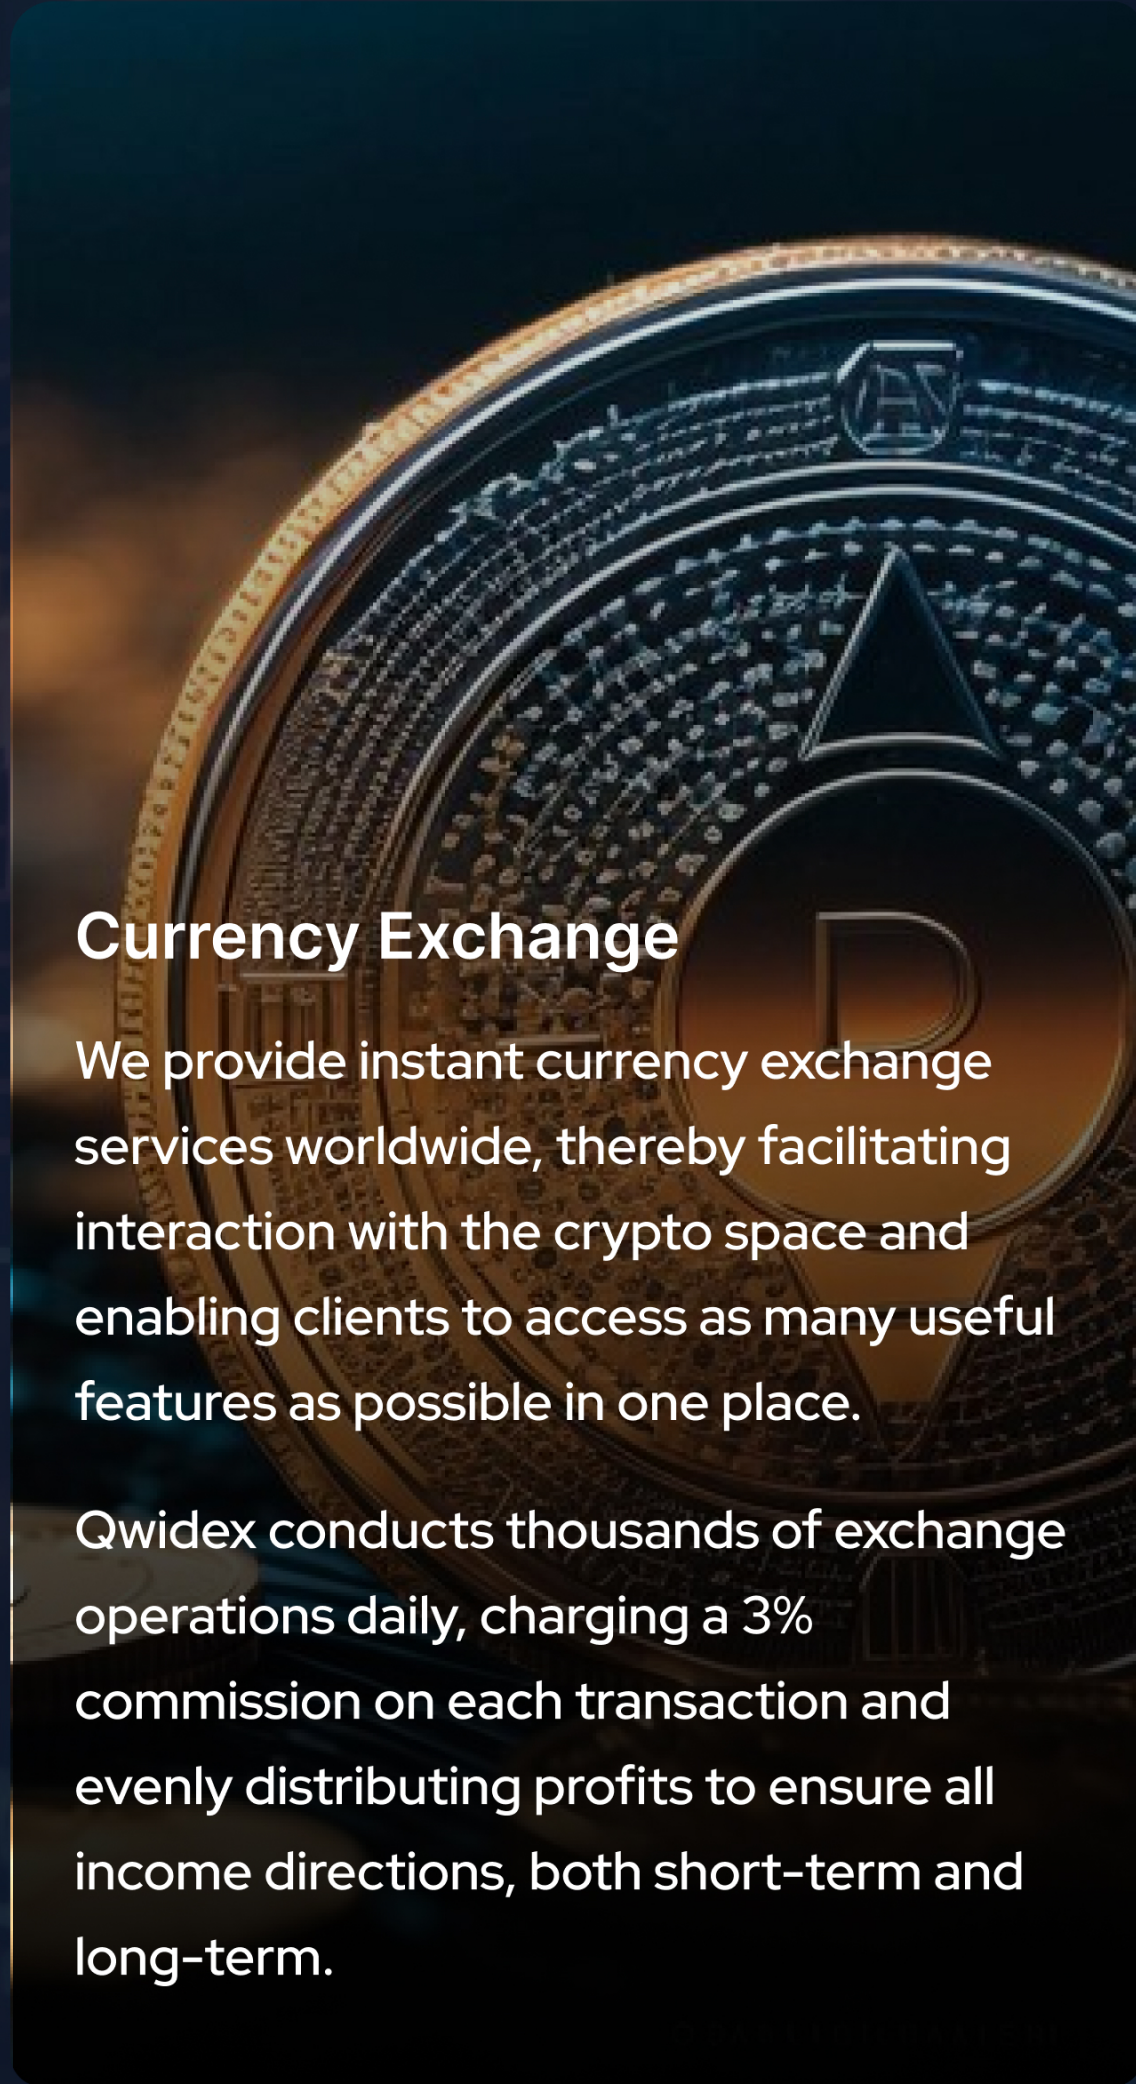

Crypto Arbitrage

Arbitrage provides earnings for both ordinary traders and large market makers, and it is typical for all markets. Crypto Arbitrage at Qwidex is a unique combination of professionalism and innovative AI developments that make every price fluctuation an opportunity for profit. AI actively scans various exchange platforms, automatically identifying price differences in the same assets, enabling us to execute profitable transactions instantaneously.

Robotic Trading

Is an innovative product that smartly and accurately calculates each action. Our trading robots, trained on advanced algorithms, ensure outstanding returns by responding instantly and efficiently to changes. The automated nature of trading eliminates emotional influence and creates stable strategies for earning on short-term and medium-term trading deals.

Currency Exchange

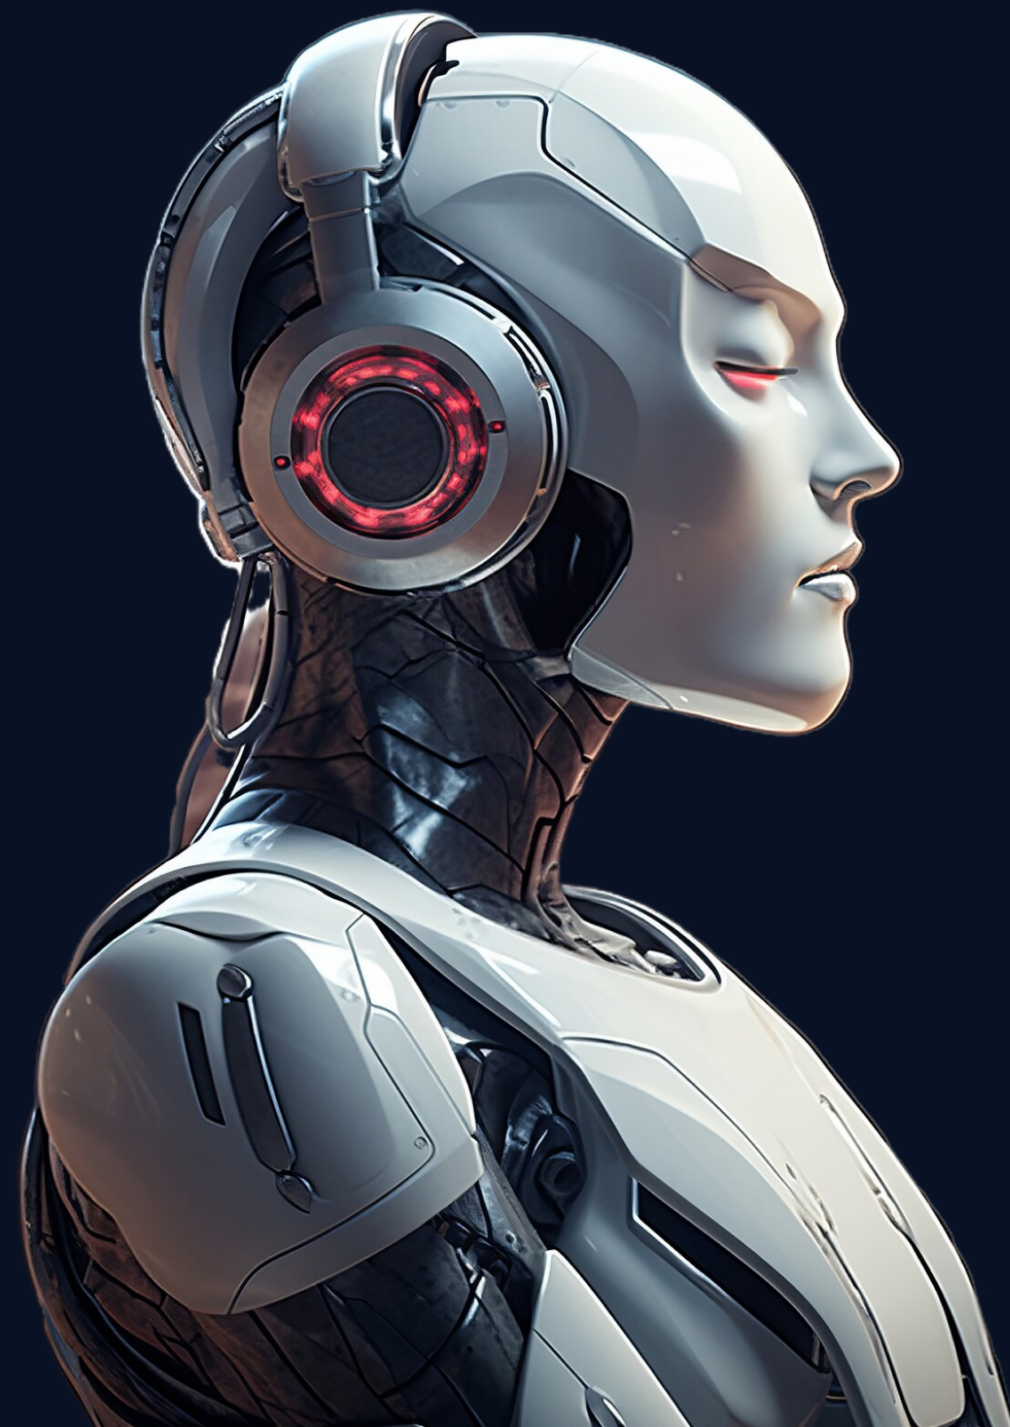

We provide instant currency exchange services worldwide, thereby facilitating interaction with the crypto space and enabling clients to access as many useful features as possible in one place.

Qwidex conducts thousands of exchange operations daily, charging a 3% commission on each transaction and evenly distributing profits to ensure all income directions, both short-term and long-term.

Technologies at Qwidex

Robotic trading

Robotic cryptocurrency trading at Qwidex utilizes a cutting-edge approach, combining precise algorithms, a vast database of historical data, and artificial intelligence to perform real-time trading operations.

Artificial Intelligence (AI) in Trading

Artificial Intelligence (AI) is a high-tech innovation-level development based on human qualities and a multi-level database in specially selected sectors.

Machine Learning at Qwidex

Machine Learning is a powerful technology that enables computers to extract valuable knowledge from historical data, make accurate predictions, and make informed decisions based on experience. The essence of ML lies in the system's ability to adapt and improve without additional intervention and programming.

Business

Qwidex offers a wide range of investment packages designed to meet the preferences of clients worldwide. We have implemented a flexible investment system, enabling our partners to devise various investment strategies to achieve both short-term and long-term goals.

For comfortable use of Qwidex's financial products, we have created 4 categories that group investment packages by type. Choose your investment package:
